III. OFFICE USE ONLY:

**Candidate able to obtain
5th Class certificate :** YES NO

Approved by: _____ (DATE - MM DD YYYY)

(1) Any experience gained on the design, construction, installation, repair or maintenance of equipment to which the Act applies and any experience gained outside the Province of Saskatchewan not be covered by a separate letter or reference.
(2) When experience as a process operator is being used towards an Engineer's Certificate, it will be necessary for the candidate to submit with his application, a resume of the equipment he has operated, detailing his duties and responsibilities, signed by a company representative (i.e. show process experience under column "Equipment to which the Act applies").
(3) Should any candidate be permitted to undertake any examination on the statement of experience as shown on this form and it should be subsequently proven that such statement was false, any certificate granted as a result of such examination would be subject to cancellation.
(4) Months of Operation Time = HRS of Operation / 160. Overtime hours can be applied but cannot exceed 1920 hrs/yr.
(5) It is necessary for candidate who is submitting a time submission for design, construction, install, repair, operation & maintenance of Pressure Equipment to include with his application, a resume of the equipment and work done, signed by a company representative.
