

**The Saskatchewan Chief Power Engineers Association
Committee (CPEA) is pleased to announce our 2026
conference details.**

On October 21st, 2026, the CPEA Conference Committee, along with the Technical Safety Authority of Saskatchewan (TSASK), will host the 6th Annual **Chief Power Engineer Education Conference** at the **DELTA DOWNTOWN SASKATOON**, located at **405 20th Street E, Saskatoon, SK.**

2026 EVENT DETAILS

Tuesday October 20th - Upstairs Common Area

7:00 - 9:30 pm: Registration and Ice Breaker Event

Wednesday October 21st - The Da Vinci Room

8:00 – 9:00am: Buffet Breakfast / Registration

9:00 – 9:15am Opening Remarks & Welcome to Conference Delegates

9:15 – 11:45 am: Morning Presentations

11:45 – 1:00 pm: Lunch Break

1:00 – 4:00 pm: Keynote Speaker; The Tornado Hunter; Mr. Greg Johnson & Technical Presentations

4:00pm: Closing Remarks

The purpose of this conference is to create a forum for Chief Power Engineers to gather and share common industry updates, best practices and discuss changes that impact their day-to-day operations. This conference will include presentations on a variety of topics that are relevant to Chief Power Engineer roles and responsibilities as per the provincial Act and Regulations.

If you are interested in doing a presentation at the 2026 CPEA Conference, please contact Denny Stubel at denny.stubel@tsask.ca. **The deadline to submit presentation topics is August 31st, 2026.** We will then complete our selection process and contact the successful applicants.

Once our list of presenters is finalized, we will send out the conference agenda.

Past conferences have included updates from the Government of Saskatchewan, the Technical Safety Authority of Saskatchewan and SOPEEC.

Technical presentations topics have been provided on water technologies, steam piping designs, control room ergonomics, O.H. & S. inspections and Saskatchewan's journey towards nuclear energy.

**SASKATCHEWAN
CHIEF
POWER ENGINEER
EDUCATORS
CONFERENCE**
